## SUPPORT / ACTION GROUP CTRA?

Separate Group?  
Merge with Young Foundation  
Action Group?

## Key things to discuss with support group:

- Programme (what the cart does!)
- How programme effects cart design
- Name of cart
- Publicity & Recruitment
- Long term plan

## PROJECT GOALS:

- Practically move forward garden efforts, take ownership of our green spaces
- Bring residents together - test out communal ways of being together (e.g. eating together)
- Discuss and test out ways of living more ecologically (e.g. growing food)
- Activate community and build capacity and membership of CTRA

## Specific to THH Inspiring Communities Funding:

- Bring people together
- Spread the word of what's happening already
- Show people on the estate how the green spaces could be used

## PROJECT STRATEGY:

- 1 - commoning - bringing together through food, shared histories or culture
- 2 - sharing and making visible existing voices and existing cultures
- 3 - taking up space - depiction of agency, testing at 1:1 scale

## SUMMER PROGRAMME (facilitated by cart):

### Ideas so far:

- Herb Library?
- Digging and Dinners? (building herb planters?)(Rose Garden)
- Skills Sharing?
- Co-design sessions on garden?
