## Site safety

Site safety is very important. Whilst every precaution is taken to ensure the safety of everyone living and working on site, we would ask for your full cooperation in helping us carry out the works in the safest possible manner.

Please

- Do not enter the site / work areas
- Do not climb scaffold at any time
- Keep children away from the work areas at all times

If you see anyone on the scaffold or any suspicious behaviour, please call the police: 101

## Please be aware while scaffold is up around your home

Operatives will be surveying or working on the scaffold between 8am and 5pm, Monday to Friday.

Please get in touch with the team if you need any further information.

## We have people working in your area

All Mulalley staff, subcontractors or visitors carry identification. You should not allow anyone into your home that does not have an identity badge. If you are in any doubt, your Resident Liaison Officer will confirm their identities.

Unfortunately, building works attract bogus visitors so please be extra aware.
