

Railings to be flat bar mild steel 80 mm x 12 mm at 90 mm centres powder coated charcola grey

Panel detail.
The inspiration has been taken from Naseem's interest in wild flowers and their uses. The panel includes stylised images of dandelion, ragwort and hogweed, all common urban wild plants.
Each panel is 1200 mm x 900 mm high laser cut corten steel.

Sample of corten steel.

Pattern repeated for the entrance to the pergola garden.
